L.G. OSTEOPATHIC PHYSICIANS GET MD DEGREES IN L.A.

Drs. Thayer A. Crow, James C. Kenaga, Louis Schlom, and Robert D. Schrock, all Lemon Grove osteopathic physicians, were granted Doctor of Medicine degrees by the California College of Medicine in historic ceremonies last weekend in Los Angeles.

Dr. H. S. Rausch of Spring Valley was also granted an M.D. degree.

Nearly 2,000 practicing osteopaths received M.D. degrees in a series of commencement services held at the Los Angeles medical school on Saturday and Sunday.

Granting of degrees to this largest single doctorate class in medical history will mark the latest step taken toward the unification of California's doctors of medicine and doctors of osteopathy within the state.

California voters will have an opportunity to approve or disapprove the unification of the two professions in Proposition No. 22 at the general election in November.

First M.D. degrees conferred by the California College of Medicine were bestowed last month on 80 graduating seniors having completed the four-year course of professional studies. Previously known as the College of Osteopathic Physicians and Surgeons, the institution was designated as an accredited medical school early this year.

L. G. Boy, 17, Charged In Fatal Accident

Victor Natrangelo Jr., 17, of 8311 Broadway, Lemon Grove was one of three teenagers charged Monday with responsibility for a traffic accident Friday night in El Cajon City which killed three persons.

The three youths are still in the hospital as a result of the collision. A complaint from the district attorney's office charged each of the youths with three counts of felonious manslaughter and one count of auto theft.

Bail was set at \$10,000 each by Roger Ruffin of San Diego Municipal Court Judge protem.

At the time of the accident, El Cajon police reported, police were chasing the three youths up to speeds of 75 miles per hour. The boys' stolen car struck a stationwagon, police said, and the three occupants were dead on arrival at El Cajon Valley hospital.

El Cajon police sergeant Fred Wilson reported that the chase began when patrolman Rodney Merritt tried to stop the youths for a traffic violation. Victor Natrangelo was at the wheel.

Law Building Said County's Best

Ground breaking ceremonies were held this week on Wednesday for a \$100,000 office building in Lemon Grove at the southwest corner of Grove and Lester, directly behind the U.S. National bank.

The building, designed for professional people, will accommodate five lawyers including the developers who are attorneys.

FOR LAW FIRM

The structure is being built by Lyle Carson, a La Mesa contractor for the law firm of Davies and Barwick, Lynn McDougal will be associated with the firm.

Until they occupy the building, Davies and Barwick will continue to practice from present locations. Barwick at 7918 1/2 Broadway and Davies at 7898 Broadway. McDougal has been associated with Davies for the past two years.

The new building, designed by Frank W. Stevenson, Jr., will contain 3,500 square feet of floor space. "We visited many other law office buildings, including the AIA award winning Long Beach law building. We talked to owners and occupants, noting their comments. We also worked into the design many innovations of our own. We believe we have the finest and most functional law building in San Diego county," Davies said.

The building is completely sound proofed and airconditioned. All offices have sliding glass doors leading into planted, tropical patios.

The property, 145 x 145 feet with parking for 20 cars, is designed to handle a subsequent improvement at the west end which will add about \$75,000 to the cost. Occupancy of the first wing is planned for October.

WAS CITY ATTORNEY
Davies has practiced here for five years. He was a prosecuting attorney in the criminal division of the district attorney's office from 1954 to 1957. Later, he was city attorney for La Mesa for a year.

Barwick has practiced law

NEW LAW BUILDING — Ground-breaking ceremonies were held this week for this model scale of a \$100,000 building started at Grove and Lester streets in Lemon Grove. Davies and Barwick, attorneys, are the developers.

here for six years. He contracted polo during his Armed Forces service and currently uses a wheel chair. This has not prevented him from being one of the most active attorneys in the east county area. He is one of the few here who has appeared before the U.S. Supreme Court. He won his case before that body earlier this year.

McDougal has been active with the Lemon Grove Kiwanis club. The first element of construction will be single story, California modern. When the wing is built, it will be two stories high.

Burglary Attempted On Four Stores In L.G.

Four Lemon Grove businesses suffered from burglary activities Friday night according to the sheriff's dept.

Leonard E. Farness, manager of Brumley's Shoes, 7763 Broadway, said \$20 was taken from a bag in the cash register. The burglar dropped 15 feet through a skylight. It could not be ascertained how he got out.

Tar paper was torn from the skylight at the Salvation Army store at 7765 Broadway, but no entry was made.

A pane of glass was removed from the skylight of the Western Auto store, 7771 Broadway.

A steel grating prevented entry.

Aluminum strips were ripped from the skylight at the L.G. Rexall Drug store at 7785 Broadway but entry was not effected.

Minor Calls Answered By L. G. Firemen

Lemon Grove firemen answered two minor fire calls during the past week. On July 11 at 6:24 p.m. firemen were summoned to extinguish a control burn at 2891 Orange st., which got out of control.

On July 14 firemen were called at 7:31 a.m. to 7342 1/2 Broadway, the Mission Tortilla Shop where a deep fryer had been left turned on overnight. Firemen desmoked the building. No damage was reported.

LG CofC Port Complaint Is 'Filed' By Sups

SAN DIEGO (CNS) — The County Board of Supervisors "filed" a complaint against the proposed unified port district from the Lemon Grove Chamber of Commerce. Chamber directors said they were against the district unless unincorporated areas could be represented in its administration.

Austin asked if it were true no representation is provided as the district is now proposed, and Heggland said that none of the non-city areas will have any say about the district, if it should be formed.

Trustees Insist On Full \$7,500,000 Building Program

The Grossmont Junior College District Board of Trustees approved a \$7,500,000 bond election for Tues. Sept. 18, to finance construction of the Grossmont Junior College for 2,500 students on the Fletcher Hills site. The action came on Monday evening following a series of meetings devoted to consideration of the problems facing the junior college.

Action in calling for a third bond election within a year was said forced upon the Board because of the rapidly increasing enrollments coupled with a state plan to restrict entry into state colleges and the higher cost to the taxpayers of the district for transfer of students to neighboring junior colleges.

EDUCATION GUARANTEED

This higher cost results from the California Plan for Higher Education whereby high school graduates are guaranteed an educational opportunity at the junior colleges. District taxpayers must pay tuition charges plus the cost of providing facilities for these students either in this district or in neighboring districts. "The property use fee of \$300 per student charged for transfers would impose tax levies higher than the cost of building facilities in the district," said Lewis F. Smith, district superintendent.

The action on the bond proposal was unanimous although previously trustee Robert Brown had objected to the special election because of the added cost of holding a special election. Four board members favored the special election in order to allow voters to concentrate on the one issue. In November over 30 state propositions will be on the ballot. "The college could get lost in

REAL ESTATE SALES REMAIN STEADY HERE

Real estate sales in the Spring Valley-Lemon Grove-La Mesa area remained steady for the month of June with 233 sales as compared to 237 during the month of May and 197 for the month of June a year ago, according to James C. Downs Jr., editor of Trends magazine.

You May Save A Life

There is a demonstration of resuscitation and artificial respiration this week on Thursday at 7:30 p.m. at the Lemon Grove junior high school auditorium.

The project is under the sponsorship of the L.G. Kiwanis club, the county chapter of the American Red Cross, and the L.G. Fire Department.

If you live within screaming distance of a pool, even though you do not swim yourself, there may someday be another life on this planet because you attended the demonstration.

We think every person should answer one question of himself honestly and act accordingly: Do I know how to revive a person who is unconscious from near-drowning? Unless you can give an unqualified "yes," as the answer, you owe it to yourself and society to learn how to potentially save this life.

The demonstration is open to the public and it's free.

How To Have Fun Writing A Political Column

A spritely report was written by Republican Associates' Executive Director Bob Walker and released the other day in the R.A. publication "Republican Rapier."

It reminded us of another day when political writing was as entertaining as it was informative. It has been as long ago as when newspaper cartoon strips were light and funny.

Be that as it may, Walker's piece draws a word picture that is understandable to even the most politically naive reader. . . . and it's written as though the writer enjoyed his work. It reads:

"A SNIFFING OF THE WIND . . . or . . . a dead horse is very poor transportation . . . for a President."

"Mr. Brown went to Washington last week and starred in the role of country pumpkin in a comic opera masterpiece played behind closed White House doors. This was the SHOW-DOWN visit. Would good, young JFK rescue poor, old Pat (Continued on Page 4)

Broadway Street Lights To Be Lit In August

Work started this week on street lights in the Lemon Grove business district. Fifteen double luminaires will light Broadway from Olive to Grove starting soon after August 1. Property owners on both sides of the street are paying the installation bill and the cost of operation will appear on the same property owners' bills as a lighting district charges.

The lights, which will be erected on standards halfway between the road right-of-way and the curb, will cost \$14,499 for installation. Operation cost will be approximately \$1,000 a year. They will be operated from dark to daylight by an electronic light-sensing switch, according to Joe Rushing, principal engineer and Walter Arm-

strong, field engineer, both with the county.

Contractor for the job is Fischbach and Moore.

A "light-up" ceremony is being planned for turning the lights on—according to R. Vaught, president of the L.G. C. of C. Vaught said that other areas of Lemon Grove could be lit-up by way of lighting districts.

PLANNERS NIX 50-FT. SIGN

SAN DIEGO (CNS) — The Planning Commission turned down a request from R. I. Kelton asking a 15-foot increase in height over the 35-foot limit for a sign to be built at the shopping center at Jamacha and El Kelton.

Planners OK 2, Turn Down 1

SAN DIEGO (CNS)—An application for a special use permit rest home in Lemon Grove was turned down Friday by the County Planning Commission, on the grounds the project would hurt a "fine residential neighborhood."

Robert and Elsie Ammann asked for the permit for a home for a maximum of five persons at 6885 S. Miguel.

Permits were granted to Carman Ranch Club, and Hilltop Chateau, for changes in existing operations.

The Ranch Club may eliminate a wall between it and a residential area at 2515 Sweetwater rd., and Hilltop Chateau got its permit to add a four-unit apartment at 6970 Central Ave.

Grow-Getter Group Starts Here Again

A meeting of the Lemon Grove Grow Getters will be called in August, Earl Warren, president of the group reported. Meetings will be held on a once-a-month basis after that, he said.

The group, formed early this year to better L.G. business conditions, formerly met once a week. The last meeting was held in April.

Warren said that funds had been used up for mailing bulletins to members. Pledges for business community promotions were slightly more than \$300, he said.

Warren said he plans to instigate a clean-up campaign in Lemon Grove in August involving a contest for the community's Boy Scouts. He said he would fly into the clean-up area in a helicopter, bringing with him awards to be given to the Boy Scout winners.

No Barbering Allowed At Home

SAN DIEGO (CNS)—A Lemon Grove barber's second request to practise his business in his residence was denied Friday by the County Planning Commission.

Bill E. Bryant, 2111 Eldora st., pointed out that barber shops and beauty parlors come under the same state law. The commission has approved a beauty shop as an acceptable "home occupation."

But the commission voted to sustain its March refusal to allow Bryant to do any barbering at home, even though he planned to work only two nights a week and on Saturday and has all the state and county health permits and licenses.

Local Petitioners Break Even On Zoning Requests

SAN DIEGO (CNS)—Six zoning variance requests battled only 500 Friday before the County Planning Commission. Granted:

Jimmie Christy, reduction of 12 feet in setback at 1506 Walbollen in order to convert an existing garage into part of his dwelling;

Dr. Peter E. Shea to build a commercial building 18 inches instead of 15 feet from the rear of his property at 3275 Olive st., and

Vista Loma Homes for a 9 foot building line reduction on

The white and peach colored scheme interior of the business contains new display racks where multi-colored donuts will catch the eye. The place will be open the above hours seven days a week, Scott said.

With room for expansion, Winchell's Donut House now has six tables with four seats each for patrons wishing to partake of the delicious donuts there while they sip refreshments that will be sold.

The girls at Winchell's will be clad in attractive green uniforms. Donuts will be made on the hour practically around the clock. Organizations purchasing donuts in quantity will get a special rate, Scott explained.

Manager Larry Scott began with Winchell's at Temple City near Los Angeles. At present he lives with his wife, Betty and mother, Mrs. Elvira Scott in Chula Vista. The Scotts will have their first child in September. They plan to move to Lemon Grove after the baby is born.

MRS. SANDERS RUNNING LEMON GROVE HARDWARE FOLLOWING HUSBAND'S DEATH

Mrs. Jack Sanders, whose husband was owner and operator of Lemon Grove Hardware on Main street since 1935, has been running the store since his recent death. "I didn't said that customers have been wonderful in helping her through the trying period of her bereavement. Elza said she didn't have nearly the responsibilities with the firm when Jack was running it, and she has hired Jerry Heath, a L.G. resident as assistant manager. From Indiana, Jerry came to California in '43. He met the Sanders between 1954-1958 when he was a paint company representative and worked in the store part-time three years ago.

Heath was this year's Mt. Vernon Elementary school PTA's recipient of the honorary life membership award, an honor bestowed upon someone performing an unusual community service.

NEWS VIA CHAMBER OF COMMERCE SECRETARY MRS. DOROTHY LOUER

Mrs. Dorothy Louer, long-time Grovan who is now serving as secretary of the chamber of commerce, is in a position to know some of the things going on around here... She said there's local interest in a boy's club, as indicated by three or four phone calls a week lately from those wanting to know if there is one. Mrs. Louer suggests that the Friendship hall at Main and Church sts., be considered for headquarters for a boy's club.

The land east of the Jack-in-the-Box at Washington and Broadway has been getting close attention. Mrs. Louer reports. It's never been used for anything, except once when small-midsize racers drivers had a dirt track there.

Bill said his station will serve anyone who wants to be served—not just the ladies, even though it's a self-serve operation.

Local Drapery Machine Makes Hit At Convention

"Fabulous" said Bill Vandenberg, operator of Dutch Cleaners on Broadway in Lemon Grove in describing reaction to a drapery machine he designed and which he displayed at a Cleaners' Convention in Long Beach over the past weekend.

Some 250 persons connected with the cleaning industry said they would be interested in purchasing the machine after they saw it in action, Vandenberg said.

Bill Wohland of Lemon Grove, co-inventor of the de-

vice who is with Astronautics and A. R. "Rags" Ragland, San Diego manufacturers' representative accompanied Vandenberg to the convention to help demonstrate the machine.

SURE OF MACHINE
Before the three-day convention, Vandenberg wasn't sure that many would want to buy the device. Now he is. "A Kansas manufacturer is hounding me to get it into production," he said. "But if possible I want to make an arrangement with a local manufacturer."

Vandenberg predicted that his drapery machine would be in production within a couple of months, wherever it is made. "I invite local firms to con-

sider manufacturing the device," he said. "We're holding up manufacture until some of them get a chance to do so."

OTHERS INFEASIBLE
Other devices for the cleaning industry were on display at Long Beach which was attended by 10-12,000. Some of the devices were for cleaning drapes, Vandenberg pointed out, but they were either too big or too costly to be feasible.

"Naturally it was about the biggest day of my life," Vandenberg said. "At first the idea of taking my homemade device to the convention scared me because I didn't think the workmanship would be good enough."

Grand Jury Condemns Laughlin's 'Open Letter'

The San Diego Grand Jury has condemned an "open letter" which was sent to voters relative to the County Assessor's office.

The Grand Jury report said that the letter was generally in the form of innuendoes and insinuations rather than as direct accusations. Although it is categorized as political propaganda, and that one of the persons responsible for the material declined to appear before the Grand Jury, the Jury nevertheless conducted an investigation, the report said.

The letter was then classed as unverified as to charges and

unfounded as to the complaints. The Grand Jury also reported that letters of such a nature are not in the furtherance of public good.

Raul A. Laughlin, one of the persons involved in political activities to unseat Assessor John McQuiken, issued a statement the same day as the Grand Jury did. He said he was the person referred to in the Grand Jury statement. He said that "only under the protection of the Attorney General's Office can witnesses be protected . . . regarding irregularities in local government." He declined to testify, he said, because he feared that his witnesses who worked in county government would suffer retribution at the hands of their superiors. "Some of these witnesses are career employees and I would rather take the rap than to have their careers ruined by testifying without the Attorney General's office to protect them," Laughlin said.

Laughlin said he was advised by the Attorney General's office that the various offices and the Grand Jury in S.D. County were performing properly and that no useful purpose would result from A-G office intervention. "They kissed me off," Laughlin added.

He also said that he had no plans for taking his complaint further.

from the sinking ship out West? Or, would the Admiral of all Democrat ships at sea remain ASHORE . . . safe and aloof in the lighthouse by the Potomac?

"Brown strategy was to leak the word that Kennedy had NO ALTERNATIVE but to campaign for him. Otherwise, it would look like a Presidential repudiation of the Governor and his administration. Also, it was whispered that JFK's own '64 re-election DEPENDED on Brown control of California."

"This was TOO MUCH. It OVERPLAYED the hand and President Kennedy balked at giving his UNQUALIFIED promise to come. Poor Pat emerged from the conference crestfallen and told reporters that Mr. Kennedy 'WAS UNCERTAIN WHETHER TO INJECT HIMSELF BECAUSE MR. NIXON HAD BEEN HIS OPPONENT TWO YEARS AGO.'"

"This Democrat Agreement IS This:

1. An all-out drive to register 600,000 Democrats by September.
2. JFK to visit San Joaquin valley in August in a "non-political" dedication of the San Luis water project.
3. Target status for California re money commitments from National Committee and big labor.

Scene of all above comedies: The White House and sun-dry smoke filled rooms in Washington.

Dramatic Personae:
John F. Kennedy (errant son to a businessman)
Edmund G. Brown (errant servant to the errant son)
Richard Richards (a Senator ambitious to be a Senator)
Jesse Unruh (a villain)
John Bailey (jester to the King)
Stanley Mosk (a general attorney?)
Larry O'Brien (Irish minion to King John)
Don Bradley (servant to the errant servant)
Kenneth O'Donnell (another Irish minion)
Elizabeth Smith (a Lady of the Court)

No labor boss was reported present, yet ALL-OUT labor support was announced. Therefore, all pretense was dropped and labor was DELIVERED lock, stock and barrel by the Democrat Hierarchy.

To sum up: It begins to look as though the CARPET-BAGGER cometh not. If the President COMETH and Brown LOSETH . . . ? Well, it's pretty risky business.

All Traffic Arrests Aren't Autoists

The annual report of the California Highway Patrol is a frightening documentation of the ineptness of the California driving public.

The report shows that CHP issued more than 840,000 citations for law infractions labeled "hazardous."

More than 200,000 citations were issued on "non-hazardous" violations, making a total of more than a million arrests in 1961.

Additionally, more than a half million verbal and written warnings were issued. These drivers averted arrest.

Speed (hazardous) violations accounted for the most arrests. While drivers were nettled by "bothersome" arrests such as Impeding Traffic, 2,000 citations; Changing Lanes, 7,000 citations, and Improper Starting, 3,000 citations, all labeled "hazardous, it should give most drivers a chuckle to learn that 6,000 citations were issued to pedestrians—for drunk-walking. . . also labeled "hazardous!"

Grove Ham Radio President Gets New License From F. C. C.

The Federal Communications Commission has renewed one station license and granted a second to the Gillespie Radio Amateur Club at the Unified Civil Defense Center, William B. Marty, administrator of the Unified CD said today.

The call letters of the renewed station are K6JCC. The new station's call letters are WA6MAN. R. C. Galland, 3702 Citrus st., Lemon Grove, is trustee of both licenses and is president of the club.

The two stations are part of the RACES network of the Unified Civil Defense Organization, Marty said. RACES stands for Radio Amateurs Communications Emergency Service, which is organized on a nationwide scale.

The Unified CD RACES network expects to have another facility in the Laguna Mountains.

"The approval of these two licenses is a major step in the development of a countywide

B. F. Goodrich To Open Here

B. F. Goodrich, a nationwide chain of retailers, will open in Lemon Grove July 26 at 7285 Broadway, it was announced by Don Johns, manager.

The firm will occupy the premises of the former La Salle Enterprises. The Goodrich firm now has a store at 9th and B streets in San Diego. That store will be closed just prior to the Lemon Grove opening, Johns said.

Although B. F. Goodrich operates more than 500 stores, the L.G. branch will be the only one serving San Diego county "for the time being," Johns said.

The opening will be accompanied by a chamber of commerce ceremony at which time R. Vaught, C. of C. president and Sue Davis, Miss Lemon Grove, will cut a ribbon to open the store.

The Lemon Grove store will be one of the best equipped and best stocked of the chain, Johns said. Complete tire service including new tires and recaps, will be sold. Kelvinator appliances, Motorola tvs and radios, Schwinn bicycles and other auto and appliance items will be handled.

A grand opening with entertainment and free prizes will be held as soon as the new store is operating smoothly in all departments, Johns said.

Palm Junior High PTA Meeting July 18

Palm Junior High PTA budget and finance committee will meet at the home of Mrs. Vernon Linden, president at 1 p.m. on Wed., July 18. Among other things, the committee will consider increasing membership fees to \$1.

Should this possibility be adopted, it would eliminate the necessity for numerous money-making projects, Mrs. E. F. Pledger, 1920 Eldora st., Lemon Grove announced.

Butter has the superb quality of increasing the palatability of food, says Dr. Howard B. Sprague, of Boston, former president of the American Heart Association.

FEATURING VAN DE KAMP'S BAKERIES

Kids With Matches Still Fire Cause

Children playing with matches is still a contributing factor in many of Spring Valley's grass fires, Fire Chief Frank Berger pointed out this week. He said setting fires in this manner is a misdemeanor and is punishable.

There were six grass fires during the past week. Here is the breakdown:

July 12. A grass fire at 10356 Madrid Way, burning an acre of about 40 by 60. This assertedly was caused by children and matches.

There were two grass fires on July 13; one was behind the Carman Ranch Club and cause was undetermined and the other at Lamar and Bancroft, also was a mystery.

Also there were two fires on July 15, both on the east side of Bancroft Elementary school and started possibly by youngsters with matches.

July 16. A grass fire at 10800 Trent st.

AMBULANCE RUNS

July 13. Mrs. Joan Ranson, 32, of 4320 Crestview dr., La Mesa, was taken from a local doctor's office to Heartland hospital after she suddenly became ill.

July 17. Laura Bowman, 9, daughter of Mr. and Mrs. Arnold Bowman of 525 Parkbrook was given first aid after she stepped on a needle. Evidently hidden in a rug, the needle pierced the girl's little toe on her right foot.

Attendance Good For 'Music Man'

Meredith Willson's great Broadway hit — "The Music Man" — now playing Thursday through Sunday in Balboa Park Bowl, San Diego, is well on its way towards becoming one of the most popular shows ever produced by Starlight.

Performances have been extremely well attended since opening night when a capacity audience turned out to pay tribute to Mr. Willson who was on hand to lead the overture.

Prof. Howard Hill, the Music Man, is played by personable Don Ward, star singer-dancer of countless Las Vegas revues.

The professor is a traveling salesman who specializes in peddling band uniforms and instruments to small Midwestern towns with promised musical instruction. He then absconds before the first horn is tooted.

The American food store today is a vast battleground of products and brands of products, and the homemaker is the soldier, trying to win the battle of survival for her family.

JR. LEVIS, LACES

The Junior Levis and Laces, local square dance club which dances Thursday nights at the L.G. Woman's Club clubhouse to the calling of Don and Juan Frank, will take part in the big junior association square dance at the recital hall in Balboa Park from 2 p.m. on Friday of this week.

WHAT'S DOING

Sid Mansfield, your telephone manager in Lemon Grove

Safety's always been in style at Pacific Telephone, and today that style features a belt in front. They're the seat belts we've installed in company vehicles—designed not to keep telephone people in fashion, but to keep them in place.

For our safety philosophy is based on the wise old saying, "an ounce of prevention is better than a pound of cure." While seat belts can't prevent accidents, they can help prevent serious injury should an accident happen.

Matter of fact, telephone people have found this safety idea such a good one, many are installing seat belts in their own cars.

Have you seen the new Bell Chime? It's a telephone bell you can set to call you in any of these three tones: a soft, melodic chime when you want peace and quiet, or when someone's resting; a regular telephone ring; a loud bell you can easily hear when you're outdoors or when there's lots of activity in the house. If you'd like to find out more about the modern, low-cost Bell Chime, just call your telephone business office or ask your telephone service man.

A handy item for traveling is a Bell System credit card. With it, you can make long distance calls when you're away and have them charged to your own telephone number. You simply give the operator the information shown on your credit card.

Another handy feature of the credit card is a cut-out slot that can hold a dime so you'll always have one ready for a coin booth. Your telephone business office will be glad to tell you more about these convenient credit cards.
